Sir:

This is in response to the Official Action of October 31, 2005, in connection with the above-identified application. This response is timely filed.

Applicants have made no amendments to the claims of the present application as it is respectfully asserted that all claims now present in the application are in full compliance with 35 U.S.C. 112 and are clearly patentable over the reference of record as applied in the outstanding rejection.

Applicants note that a brief telephone conversation concerning the outstandingly Official Action at which time the undersigned attorney pointed out that it was believed that Applicants had filed sufficient information to overcome the outstanding rejection. The Examiner requested a written response be filed and that he would discuss the rejection with his supervisor.

The summary of the Official Action states that claims 21-25 are rejected. There is no restatement of the grounds for the rejection in the Official Action. However, there is an incorporation by reference to the previous rejection. It is understood that
